

SPONSORSHIP REGISTRATION INFORMATION:

Come immerse yourself in the synergy of the Greenhouse Technical Management Short Course – A five day event, put on by Delish Veggies in collaboration with Graeme Smith Consulting from Australia, including presentations from industry experts, hands-on education & training workshops, and a commercial greenhouse tour.

This annual assembly brings like-minded people from the industry together to establish connections, build relationships and network with the players who make up the Protected Cultivation family.

Who Are Short Course Attendees?

Entrepreneurs, Small Business Owners, Educators, Urban Planners, Greenhouse Engineers, Company Trainees, International Representatives, Researchers, Growers, Horticulturists, Urban Agriculturists, & Your Company of course!
